"War is raging everywhere along our frontiers. It is coming closer and ever closer. Our enemies are gathering all their forces for the final assault. Their object is not merely to defeat us in battle but to crush and annihilate us. Their object is to destroy our Reich, to sweep our *Weltanschauung* from the face of the earth, to enslave the German people — as a punishment for their loyalty to National Socialism. We have reached the final quarter of an hour. . ."

HO-HO-HOLEE-COST

By Fafnir at Marion

Oy gevalt — hev ve got a vinner! An epic, a real live epic is coming. The thousand deaths of a single kike — no, that's wrong. The death of a thousand cuts? Hmm, something is lost in the translation from yiddish to English. Oh well, you know what I mean. World jewry presents 'Holocaust'. The story of how six million jews died in German camps, were burned and buried, and on the third page were resurrected in New York City six months later. It will come. It will be. It will be shown — in homes, in schools, in churches, on TV screens, on movie screens and the newspapers and magazines will be flooded with articles praising it, promoting and glorifying it. White racialists will not lose one single follower or supporter, even may gain a few. Liberals will weep copious tears — their greatest avocation — about the jews. The pseudo-Christian churches and their opium peddling hierarchies will bleat and baa from their pulpits about the guilt all of them share. Not me! I have a different God than theirs. My God would have been delighted if what they charge were really true. But, that is another story. Let us example the Ho-Ho-Lee-Cost.

The racial right must protest it. It will do that. It will protest it. Let us assume that anyone will pay any attention to the protest. They won't! To whom will you protest? Let us examine that first.

You will write letters to the television networks. Egads, how much of a waste of 13 cents that is! Who own the TV networks? Right — Jews!

You will write letters to the sponsors. Again, who owns the sponsors? What names sit on their illustrious boards of directors? Right — Jews!

You will write letters to your congressman. These were elected by 24% of the total population. Rarely the 24% which is racially right. Most congressmen are bound to the jewish position long before they enter the cesspool in the Augean Stables, D.C. Those who enter without jewish fetters seem to obtain such as they mature in office. So, write them. Like you have written to them about the Panama Canal, Rhodesia, illegal immigration, forced school busing etc. Your letters to the networks and sponsors will gain you more response than to the legislators. At least, when you write directly to jews, you are speaking to the masters. When you write to the legislators, you are addressing their servant.

So, what to do? Why, use the

enemy's tools and weapons against himself. Use political jiu-jitsu. Jiu-jitsu is the oriental art of using the opponents strength against himself. By letting the enemy come on in full stride and power, a jiu-jitzu expert then shifts the energies of that attack in such a way that the opponent is bedeviled by his own momentum forward. That is what can be done with the epic 'Holocaust'. Understand that the audience watching this may actually be less than that watching the other drooling garbage on TV, 'Martin Lucifer Koon' — which drew less than 18% of all TV viewers that night. Most Whites are not anti-black. They just simply are sick and tired of hearing about blacks, black problems, black needs and black history. They simply wish they could wake up one morning and find no blacks anywhere near them again. Nice and peacebly. How it occurs, they really don't care about as long as they are not required to do anything to bring it to pass. So, perhaps, the same is true of their attitude about the jews and concentration camps and the tears shed for events over thirty-five years ago. Jews always go one step too far. Their inate arrogance dug their own graves in every century of history. They cannot help themselves when they know what lies ahead. They see the holocaust everywhere because it is not something in the past alone. It is truly their future.

So, how to combat the effects of the 'Holocaust', should be the main game. One cannot prevent it. Protests against it only serve to enhance the interest of the sheep watching it. Sheep tend to be emotional and bleat a lot anyway. Sheep never change history. They are the mass which are changed by history. They will go with us when we start winning. They will be as emotional about us as they now are about the jews, blacks, dodo birds and other *cause celebre.* Flaunt the Ho-Ho-Lee-Cost. That's right, tell the jews, wow — are you right! That's how it happened, sho'nuff. You sure had it rough. What now bothers me, is that you all gwine get it agin! Thas raht, boy, y'all gwine get camped on, trained on and cremated on — all over agin. How come you don't see what's coming here too? How come so many of you don't go home as your own religion tells you to do? How come Israel is losing people when any idiot can see that everywhere else the holocaust is coming again? How come, how come?

Oh, I know, it didn't really happen that way. Yet nightmares are not made of realities as much as illusions. The movie will be a tearjerker. Use it to sympathize with your local jew, and the local pseudo-Christian. If it happened then, it's going to happen again. All things in life are cyclical. Just as when the Hooked Cross flew over Germany once, it will

fly over other lands again. Hmmmm, maybe even in America. After all, every day in everyway the jewspapers are full of Ku Klux this and Nazi that — there must be a lot more than we even know. Maybe, they really are stronger than we think. Otherwise why would the jewish writers be so concerned. If it happened once — wow!

Letters to the editor of newspapers and publications which the jews own and control, can be used more effectively where they bleat and baa about how horrible it was for the jews — and you can see it coming again! Go home — Abie — go home before the dwarfs, giants and hooded horrors of the Black Forest come to life again. Aliyah — aliyah — oh, jewish friends before the berserker breed that lies so very closely to the surface of every whiteman breaks loose again. The going up to Jerusalem (aliyah in yiddish talk) is what every thinking jew should do. What good is owning all of America if the wildmen are loose and after you? After all, you owned almost all of Germany in the 1920's and look what happened! Yes, letters to the editors, to newspapers, to congressional representatives — demanding that the US finance the aliyah of all jews to Israel should pour in. Before our poor, tired and bloodstained (egads, I thought it was only catsup from MacDonald's own hamburgers all these years) hands start itching again. Spare us poor goyim from the horrible tasks of stoking the crematorium ovens again. Save us from the work of running choo-choo trains carrying jews here and there to health resorts all over the country. *Mea culpa* me no more. Let them peoples go! Go down, go down, way down to Israel land — and don't tell me nothing no more. Yes indeed, the HolyCost may indeed be turned to our advantage.

Since you are going to see it, since you cannot avoid it, then use it as best you can to our advantage. I know there was no holocaust. If there was one, the guilt of the governments of Great Britain and the USA for refusing to take even more than the six million they hid over here, is still more than that of Germany who simply tried to export them elsewhere. And the guilt of the American jew who refused to help the European jew, whose money came first as it still does (rather than to aliah as he should if he really believes what his propaganda machine churns out daily) is even greater than anyone else's. So, Holy Smoke — HolyCost — vot a deal! Vot a killing ve gonna make on this epick!

OLD or NEW?

By R.E.

The controversy about whether to cling to original NS-traits, i.e. Brownshirts, marching songs, etc. seems to overlook one important fact. Ideas are living entities. In a living being every cell of the body will eventually be replaced by a new one with progressing years. After 10 years even the bones are 'new' (except the brain, as they lately say, but this is just because these midget-minds who call themselves scientists now, cannot imagine there can be memory without matter, although, of course, matter is needed to reproduce memory, as in cases of recollections events of former lives, which — schizophrenic as science nowadays is — they also help to prove).

Still, a living being never knows what part of his body may be 10, 5 or 1 year old, or which is being replaced by new cells this very moment. And he need not know. His organism does it perfectly for him, without his brain intervening.

Do we no longer believe that National Socialism is a sound organism?

A healthy entity reacts to dangers as well as opportunities intuitively, retaining old habits, or dropping them for new reactions, as the cause demands.

Let's take the issue of Brownshirts. I don't know why Hitler chose the color. Perhaps it is true that there was a goodly supply of the material to be had cheaply. Fate often offers opportunities in rather silly ways. But I do know what explanation the old, died-in-the-wool Stormtroopers used to give — with tongue in cheek: Oh, once upon a time our shirts were white, white as virgin snow, but we have been 'crapped' upon (by the social democratic government of those days) so often that we gave up laundering them. In this context, the brownshirt cannot be replaced by any color, except, perhaps, by red, which I personally do not advocate, since the blood of lower races seems to be red, too. As for Rockwell's statement that our skin is our uniform, I respectfully beg to differ. White is NOT a color, but the consummation of light, which by fraction (i.e. race mixing) was torn apart into different colors. As far as I can recollect, it was a Negro who for the first time proclaimed, "White is a color, too." To have a black skin may suffice to belong to the community of negroes. A White skin is most certainly not enough to be a White Man.

As for marching songs, I guess we'll have to have those. It was a

Jew who — upon learning that German youths during the Third Reich furtively listened to Jazz music — triumphantly exclaimed: "We haven't been beaten yet!" Besides, it is an easily verifiable fact that marching music enables a person to rally his last reserves and stick to his guns. A function of the race soul taking over and rendering individual woes irrelevant in sight of the greater objective.

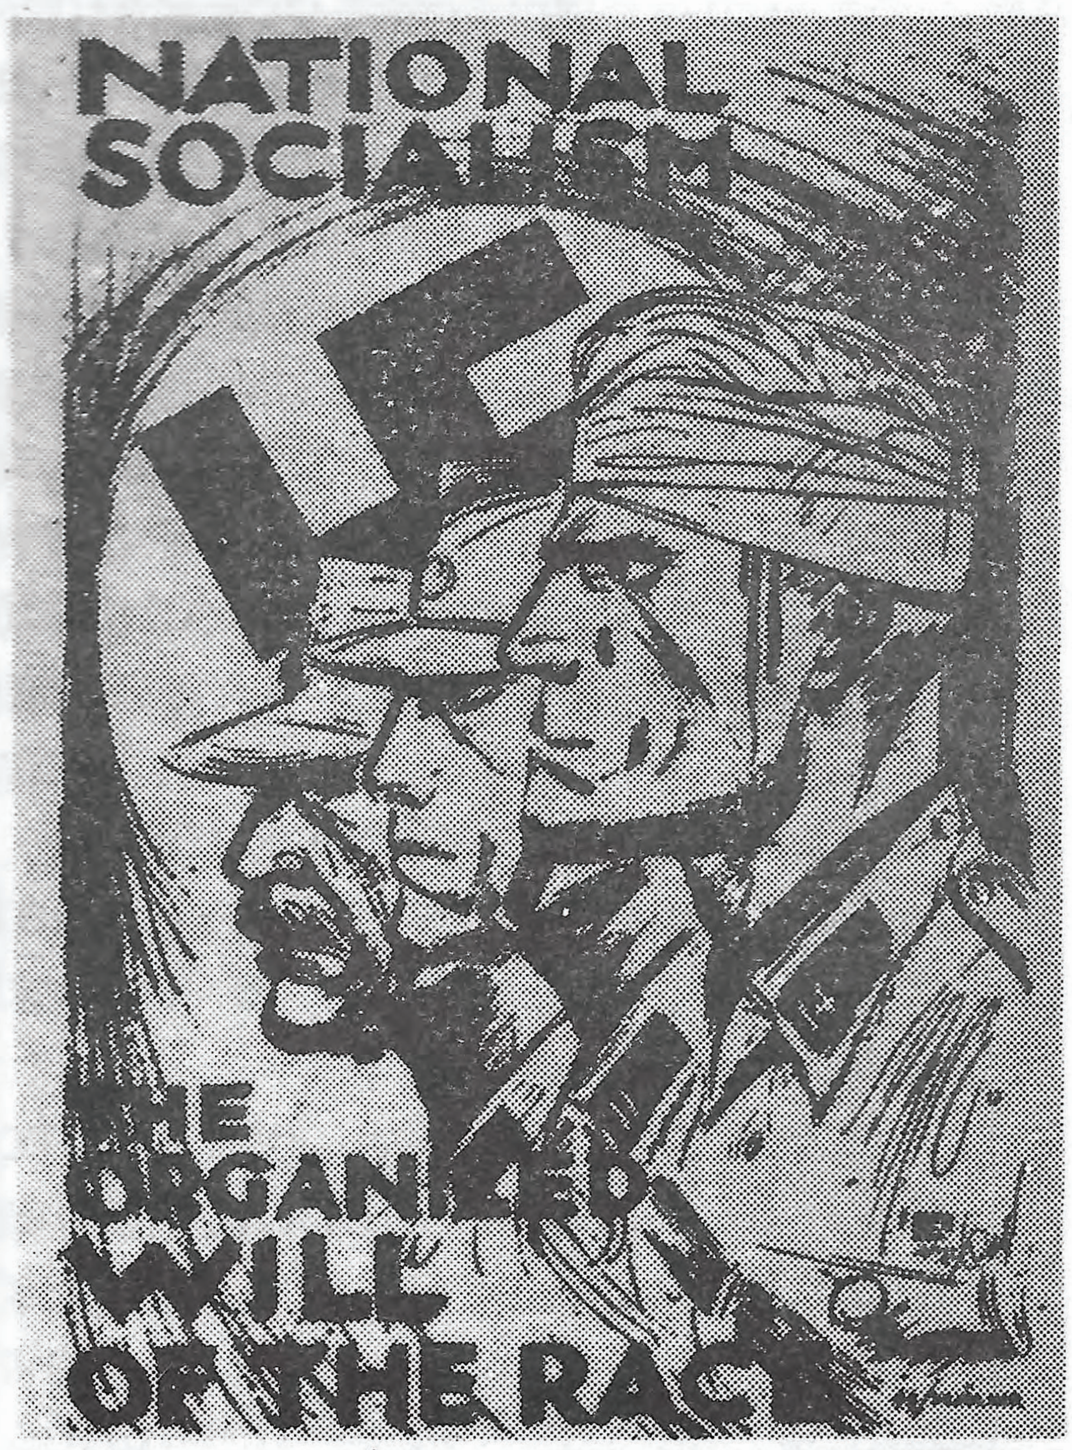
As for the allegedly 'new' things in the movement, the world-wide comradeship, racial consciousness and artistic impulses — all of this was embodied in National Socialism, as is the capacity to flower in the growing plant. Many books, speeches and talks of leading men in the movement prove it. Hitler had six years for reconstruction — no more. It is almost impossible to assess National Socialism based on these six years before the war broke out. There's no telling what wonders he might have achieved, had world-Jewry (and the suicidally stupid Aryan nations) granted him peace he so ardently desired.

Whatever racially conscious White men and women may initiate as 'new' will be born of the spirit of the 'old' movement. I should like to close with a quote from Moeller Vandenbrucks *The Third Reich*, published 1920: "To be conservative means to realize and make come true, more and more of the timeless values, each one in his own time."

The following poem was written by. R.E. and dedicated to Pastor Robert Miles.

Germania we hail thee,
Our fathers' mighty land,
Eternal spring of Aryan life
We'll make your virtues stand.
We take up arms to fight your foes
On land, in air, at sea,
No matter how the battle goes —
At last you shall be free!

See it through, see it through,
Never waiver, never doubt,
If you will, it comes true,
No help comes from without.
Show the world that we are worthy s
To perform on earth, God's holy will.
See it through to victory,
See it through to victory!



The JDL today: Shrill outrage

By Murray Dubin
Inquirer Staff Writers

Philadelphia Inquirer 3/76

Bonnie Pechter's living room on Large Street in the Northeast is decorated in Jewish anger.

The lampstand is in the shape of a gallows, and the hooked rug on the wall has a fist inside a five-pointed Jewish star, the symbol of the Jewish Defense League (JDL). The Phillies team picture on the wall somehow does not fit the motif.

Ms. Pechter, national director of the Jewish Defense League, is angry, too, in the strident manner of a true believer. She is angry at Philadelphia's Jewish leaders and their organizations because, she charges, they are invisible and they do not care about the problems of Philadelphia's Jews. She is irate and indignant, nodding an I told you so" at every expression of anti-Semitism she hears, and she says she hears quite a few.

Jewish establishment leaders long have treated the JDL like an irritable intruder into the family, castigating its activities to each other and in the media, looking askance at its tactics of confrontation, its violent rhetoric and its often undignified manner. Now the JDL is a pariah. Any talk of its worth or effectiveness is dismissed. The JDL is meshugenah.

But truth is often lost amidst sloganeering. So, what is the Jewish Defense League of today? Who are its members? What are its issues? Who out there among the city's 330,000 Jews is listening to the JDL?

First, some numbers.

The JDL says it has about 150 active members — most of them under 21 — in the Philadelphia area and South Jersey. Although that is a relatively small number, neither the Philadelphia Human Relations Commission nor the American Jewish Committee nor the American Jewish Congress nor the Jewish Community Relations Council of Greater Philadelphia (JCRC) believes that the JDL has even that many adherents.

Ms. Pechter, 25, says there are 1,763 dues-paying members ($25 for adults and $5 for teens). She will not produce any records to verify her membership lists.

The group's members live in many sections of the city, but the largest bloc is in the Northeast, where about one-third of Philadelphia's Jews live.

The JDL's criticism of the Jewish establishment is not very different from criticism of any other establishment that we have heard over the years: The establishment does not do enough.

"Moses did not ask for a committee to study Egyptian anti-Semitism," Ms. Pechter charges in a

rare display of humor. "JCRC may have been demonstrating for Soviet Jewry before, but the JDL put it on page one. Disruptions make headlines . . . The press is anxious for us to be violent."

Those disruptions — which have included the dumping of marbles, mice and animal blood at Soviet cultural events here, confrontations with American Nazi Party members, harassment of a Jewish attorney who defended an admitted anti-Semite, a sit-in in JCRC offices and vandalism in the Mexican consulate — often have made headlines for the JDL.

"But it's the JDL that often gets more publicity than the issue," argues Burt Siegel, urban affairs director for the JCRC. "The Mexican embassy incident. Tell me, what was gained by terrorizing American secretaries?"

While Siegel is helping Jewish merchants to sell their businesses to blacks in ghetto areas, the JDL is offering gun training. If the JDL hears of anti-Semitic youths harassing a Jew, they will physically intimidate the intimidators. At least, they say they will.

Few people—not rabbis, not police and none of the Jewish agencies — will assert that anti-Semitism is currently a serious problem for Philadelphia Jews. The JDL insists that it is, but again offers no verification.

Two years ago, the JDL stepped up its attack on the local Jewish agencies, demanding that they "lead or leave."

"I decided that 50 percent of the problem is with the establishment Jewish community," Ms. Pechter says. "I blame them for the intermarriage problem, for Jewish assimilation. . . ."

So at rallies for Soviet Jewry, the JDL spends half its time shouting 1,2,3,4, open up the iron door, 5,6,7,8, let my people emigrate" and "Who do we want? Brezhnev! How do we want him? Dead!"

For the second half, the placards are exchanged and the yells are changed; "Soviet Jews should despair, Philadelphia Jews just don't care" and "1, 2, 3, 4, JCRC must do more."

At one rally, the Soviet Jewry Council of the JCRC, also protesting for Soviet Jewry, stood in disbelief as JDL members a few feet away screamed that Burt Siegel had blood on his hands. Until that moment, the two groups had been civil to each other.

In addition to insisting that Jewish agencies must do more for Jews, the JDL wants them to begin doing less for others.

"Jews are in the forefront of everything," Ms. Pechter says. "Jo-Ann Little, gays, civil rights, Cesar Chavez, it is a Jewish phenomenon!

"Jews can't be blind to other people's suffering," Siegel counters. "How can we be criticized for that?"

He adds that much of what JDL is really saying in their charges is racist.

JDL's slogan — "Never Again!" — is hard to argue with. Its reference to the holocaust in Europe touches a nerve in the Jewish community, as does much of what the JDL says

and does. Its stance as protector of the faith, conscience of the community and gadfly to the establishment obviously appeals to some.

So does its highly publicized reputation as bunch of "tough Jews."

It is hard, though, to point to concrete accomplishments of the JDL.

It offers karate classes, it distributes literature, and it has some cars on patrol in the Northeast.

JDL members say they have prodded the Jewish establishment into being more responsive to the con-

cerns of ordinary Jews, and there are some who agree, but specifics are hard to find.

There is no Soviet embassy to demonstrate at in Philadelphia, as there is for the JDL in New York. There is no visible neo-Nazi group, as there is for the JDL in Los Angeles. There really isn't much for the JDL to do at all here, as evidenced by its lack of activity in the last two years.

Former Philadelphia and national JDL leader Russell Kelner is in prison on a gun charge. Prominent local member Sam Bortnick says he is proud that he has gone to jail several times fighting for Jewish causes.

"What is wrong with that?" he says. "What is embarrassing about fighting for Jews?"

What is wrong with that is that the Jewish community here will never be comfortable with violence or law-breaking, whatever the cause.

But Bonnie Pechter points ominously to the Hanafi Muslim takeover of the B'nai B'rith building in Washington, in New Rochelle, N. Y. the neo-Nazi who shot his co-workers while searching for the Jewish man who had fired him, and a recent "60 Minutes" television program about Nazis in California. America in 1977 is like Germany in 1929, she maintains, and a Hitler and extermination are looming.

Her passion runs deep. Her indictments are sweeping, her bitterness deep-seated, her voice always exclaiming. She will lead a JDL delegation from New York and Philadelphia today to demonstrate in front of the Hanafi Muslim headquarters in Washington.

She feels so strongly that doom is near for Jews in the United States that she is leaving for Israel this year. Her departure will leave a void in JDL leadership.

The JDL will not die, though, because it does not need much nourishment to live. A swastika on a synagogue, an anti-Semitic statement from Gen. George S. Brown — that is all that is needed.

JDL, split from Kahane, announces new priorities

The ten-year-old Jewish Defense League, having severed relations with its founder, Rabbi Meir Kahane in July, will henceforth concentrate on fewer--and presumably more immediately overriding -- issues than in the past. The rise of anti-Semitism in the United States will get top priority.

Bonnie Pechter, JDL's national director, announced from the organization's headquarters in New York that "our direction for the next few years" would depart from those of the past when the organization espoused "a diversity of priorities."

Kahane and his family now reside in Israel, where the fluent, controversial rabbi has been involved in politics and in the writing of books and articles on contemporary Jewish developments. A JDL spokesman of the Washington area said she does not know Kahane's present position on developments in Israel and that he is no longer a factor in JDL's policies in the United States.

Pechter states that "Ahavat Yisroel", love of Israel, had motivated JDL's past efforts on behalf of "our brethren behind the iron walls of the Soviet Union or fenced inside the ghettoes of Damascus."

One new priority of JDL, Bechter says, will be an effort to bring to justice an estimated 104 Nazi war criminals now in America described as "living in peace and comfort."

JDL'S recent role in the struggle to prevent a Nazi rally in Skokie, Ill. in a neighborhood where many Jewish former concentration camp inmates live, was said to have generated more support than had been received by the organization's involvement in some other issues.

Munich Jews refuse invitation

MUNICH -- For the first time, the Munich Jewish community has refused to be represented at the Bavarian ceremony to mark West Germany's Day of National Mourning. The community took this action because the organization of former Waffen-SS members said that it would send a delegation.

Dr. Hans Lamm, head of the Munich community, said the Waffen-SS had played a big role in the murder of European Jews "Munich Jews who lost thousands of their relatives in the Nazi Holocaust refuse to sit side by side with Waffen-SS representatives," he added.

Jews retaliate, offer Nazi bounty

Associated Press

Philadelphia Inquirer
Saturday, Feb. 18, 1978

NEW YORK — A $500 bounty on "every Nazi lawfully killed during an attack on a Jew" is being offered here in a recorded telephone message by the Jewish Defense League (JDL).

"We are calling for Jews to unite in an all-out war against Nazis and any other Jew haters," the tape says.

"We are beginning our battle by offering $500 for every Nazi lawfully killed during an attack on a Jew. We are also advocating mass executions of Nazis in order to make their stay in this country an unhealthy one."

"We're absolutely serious," said Bonnie Pechter, a JDL spokesman whose voice is on the tape. "We don't want you to think that Nazis are worth $500 — they're not worth a nickel — but we'll pay off for any Nazi that is killed."

The courts are not the answer in fighting the Nazis, Ms. Pechter said, because "we happen to know that there's no justice . . . in America" to deal with Nazi criminals.

Ms. Pechter said the tape was in response to a recording last year in Houston, Tex., in which the Nazi Party offered $5,000 "for every non-white killed during an attack on a white person." The Nazis included Jews among the "non-whites."

A court effort to ban the Nazi tape failed.

As justification for "all-out war" on the Nazis, the JDL tape lists two occasions in the last nine months when the Nazis supposedly killed Jews, and another in which a man was critcially injured.

One of the killings, the tape says, "took place in Chicago, when a Nazi forced a Jewish man to swallow Zyclon-B, the gas used to murder in concentration camps."

The recording says that Nazis plan to demonstrate in St. Louis, Mo., on March 11, and in Skokie, Ill., in April, and that the JDL plans "to be there to confront them."

Efforts to ban the march in Skokie, which has a large Jewish population, have been rejected by courts as an infringement on civil rights.

Letters

Dear Sirs: 3 March 78

I have just finished reading the phantastic book, "White Power." It is hard for me to believe that George Lincoln Rockwell says our own people are so dumb as to what is really happening to our White society. For years I knew something in our society was wrong, very wrong, but I did not know what it was. I read this book with a very open mind purposely looking for ways to prove George Lincoln Rockwell wrong. The one thing that horrified me when I finished the book was the fact I could not find any lies or fanatical ravings of a lunatic which I had expected to read. Instead I finished the book with a feeling of admiration for the man who has had enough nerve, fortitude and intuition to stand up and name the cause of the problem in our society, the Jew and the nigger. I wrote a short story which I sent you, called, "The Awakening of Willie Jones." [This article was published in the March issue of THE LIBERTY BELL!] I hope you like it and feel free to use it if you so desire. There's only one problem, if you do use it, please do not print my name on it as I am now in a position where my job could be in jeopardy, if certain facts revealed I even wrote this letter. So here itself lies an example of how our society is crumbling for the nigger. Thanks again for giving me the answer I've been looking for as to why our White society is falling apart around us.

Sincerely,
Initials withheld

Dear Mr Dietz: 2 March 78

Thank you for the copies of Liberty Bell and White Power Reports.

In your article DER SCHULUNGSBRIEF, you have raised some important points in regard to Collin that must be answered soon before greater damage results. I am concerned about the effect Lauck's association with Collin could have on Lauck. Gerhard may be a little "green" or naive, but I have raised the question about Collin with him. Gerhard claims that he has seen Collin's birth certificate, or what purported to be his birth certificate, and that there is no name like Cohn on it, nor is there any reference to the father being a Jew. Of course, it could have been faked, and it is strange that Collin has not made an effort to disprove the charge against him. Gerhard thinks that the other "birth certificate" showing Collin's name to be Cohn is faked.

No doubt you have heard all this already. However, I have considerable faith in Gerhard's sincerity, and would hate to see him victimized. It is important that the issue be cleared up so that energies may be directed

toward the primary battle.

I like the format of your publications, particularly the size which allows it to be put on a standard bookshelf with other books.

B.K., Colorado

Editor's Note:

We do not need any convincing that Frank Collin's birth certificate is NOT faked, and that is shows the name of Collin and not Cohn, as it should. However, it is not Frank Collin's birth certificate that is in dispute, but that of Mr Collin's Sr.! We understand that Mr Collin/Cohn emigrated to the United States just before the war from Germany where he allegedly was an inmate of a concentration camp. Now, we know for a fact that any emigrant is permitted to apply for a change of name (presumably to americanize names for easier pronunciation) on his application for naturalization as an American Citizen. When the emigrant finally becomes a naturalized American citizen, his Certificate of Naturalization will only show the country whence he immigrated, and not his race, religion or his previous name. Consequently, Frank Collin's birth certificate will never tell the true story — only his father's will! So, let's have the facts Frank, or get off the pot!

The following are Comments on Frank Collin in letters sent to

Richard Lee Francis

by Gerhard Lauck, Sept. 23, 1977: "The vicious rumors against comrade Collin started when the FBI used it sinister influence with a certain Chicago reporter to write an article alleging Collin to be a half-Jew. I have myself seen FBI documents—which they were forced to release later on — to this effect.

Collin contacted his lawyer to discuss the possibility of sueing the reporter, only to learn that, under the present laws, he could sue neither the reporter nor the newspaper. He would have to sue the entire news agency; this would be extremely expensive and still unlikely to produce results. Using his birth certificate as evidence had no effect upon reporters [as it shouldn't have had!].They simply ignored reality [hm!]

Realizing this rumor, initially intended by the FBI to disrupt his extremely effective organization, was now being used by the press to distract from the real issues, he adopted a policy of simply ignoring the endless questions along these lines and stuck to the issues: White Power, Free Speech for the NSPA, etc.

Over a period of time, more and more people have come to appreciate the great significance of his accomplishments and to judge him according to his deeds, not what the Jew press says."

By E. William Gaedtke, Sept. 26, 1977: "I know him very well from the old party days. I would

lay my life on the line for him. Several years ago the FBI spread the rumor around that he was a Jew. The smear hurt him quite a bit and for that reason Koehl had him leave the Party in Arlington. I think Frank Collin is one of the great patriots of our time and most sincere groups are supporting his efforts. I spoke with Commander Covington and Frank Braswell regarding Frank Collin and they both stand 100% behind him in his efforts and National Socialist dedication."

By Frank Collin himself, Jan. 1, 1978: "I regret that the slander against my name disturbs you, as it must confuse a goodly number of sincere patriots across the country. You and they should realize that history shows quite clearly — RECENT history — that ANYONE who succeeds in actually hurting the enemy will have his name dragged through every degree of mud. I never discuss these slurs on my name and character. Men like Hitler, Rockwell and McCarthy never lowered themselves into the mire of public slander to clear their names. Instead they lowered their shoulders to the wheel and got on with the business at hand to the utmost of their genius, ignoring the petty assaults of their hate-crazed enemies. If the blood I have shed in the streets is not enough to speak for what I am; if the incessant attacks by the worst enemies of White America upon me are not enough — then nothing I could ever say would be of any use. I have the loyalty of my comrades, the love of my people here in Marquette Park and the hatred of the Jews throughout the world. That's enough for me. I stand silent and let my deeds speak for me. For, in the end, they alone will have made the difference between victory and defeat, nothing else."

Editor's Note: Please, Frank, let's cut out the bull and stop beating around the bush in such 'heroic' fashion. Our question is a very simple one, indeed. Was your father's name Cohn or wasn't it? Let's stop the double talk and let's have an answer!

Dear Comrade Dietz: 1 Mar 78

Received both the Jan. & Feb. copies of WPR today. Danke Schoen!

As usual I enjoyed them very much. The controversy over Frank Collin has me very much disturbed. I have never met him personally but some people I know have and all have always given him good recommendations. I hope that a proven verdict, one way or the other, is reached soon.

The German section in the Feb. issue made me wish I had paid more attention to the language and less to the beautiful frauleins, excellent bier, Wiener Rost Braten & Bratkartoffeln, while in Bavaria.

I am glad the Werewolves are in action around the world. I noticed another letter discussing uniforms; may I suggest the

uniform not be uniform. If one is more comfortable in a business suit, let that be his uniform; the same for blue denim. Our skin and our ideals are uniform enough.

Again thanks & keep up the good work. My best to all.

Heil Hitler!

Dear Mr Dietz, 10 Feb. 78

For years now I have felt that I am the only teen-ager in the world that knows the truth. And it's easy to feel that way in the liberal schools we have. Please publish this letter with my address and I hope other teen-agers who know the score will write to me. It is important that young people all over America get together. Even though we are in the minority in school, our cause is right and we shall prevail. Keep publishing Liberty Bell and White Power Report. America needs all the truth it can get!

Sincerely and 88!

Dear George, 14 March 78

Received the books you sent and I send my thanks to you for the extras you included! Your generosity has been greatly appreciated as funds are very limited for me here!

I'm hoping you'll be able to get more copies of the 'Dispossessed Majority' soon, as I ordered it because I have heard many positive remarks about it. Everyone I have talked with that has read it praised it very highly.

I have a question for you George. . .Are you and the WPM re-associated with the NSWPP? The reason I asked, is because I noticed the article by H.S. Stevens about the 'Collin' situation.

First off, don't get me wrong. . .I'm not advocating that the pressure be removed from Collin. I also feel that very heavy circumstantial evidence has been introduced against him and that he OWES the Movement here in America (& the World) an explanation and proof to negate the accusations. The Movement owes NOTHING to anyone, it is all off us who owe our very lives to the Movement as laid down by Adolf Hitler!

Each of us is responsible to the Movement! It is the OBLIGATION of each individual to serve our Race, not for our Race to serve an individual!

Back to the original question tho. . .I ask because if you are not associated with Koehl & his 'stooges', why run their material showing their Arlington & Midwest addresses??

Also. . .I'm surprised you even ran the article after reading it! That was the most defeatist article I've read in a long time!!

I'm speaking specifically of his comments about the scheduled march in Skokie.

Of course the National Socialists will be outnumbered . . .but should that be a reason for NOT marching?!? Did it stop

Hitler. . .Did it stop Rockwell!!! We have always been outnumbered!

Then his statements about 'force' and 'numbers' — I couldn't even begin to count the number of time I have seen the NSWPP make a state-wide appeal for march participation from their units and have only 7;15;10; and 20 men show up and STILL go ahead in the face of hundreds of Marxists and niggers! Then, to add insult to the N.S. struggle, they wouldn't even fight when attacked; instead they turned tail and RAN!!

In my opinion, his article was an insult to true National Socialists! Not because of his statements about Collin, but because of his defeatist statements!

I wonder how many times he (Stevens) has been thrown in jail because of his actions in combatting Communists?? I also wonder what Adolf Hitler would think of the article? How would he respond to such statements?

Although I don't always agree with the views and stands your publications put out, I've always seen excellent material in them! I even try to overlook the petty squabbles that exist between the different N.S. factions. But when the NSWPP enters the picture, that's another story! There are good N.S. comrades within the NSWPP, but as long as Koehl and his little circle of puppets use the party for their own personal use, they might as well not exist as far as I am concerned! When you give them ANY TYPE of publicity, you are only advancing a small man's personal quest for a large crown!!! At least that is my opinion!

I kind of got carried away George, excuse me! Mainly tho, my gratitude is sent to you for your kindness and generosity so far!

I hope you don't take PERSONALLY any of my aforementioned ravings, because they were not directed to you personally. Just the question as to your association with Koehl's group. Maybe I'm out of line asking, if so then tell me and no hard feelings!

Hoping to hear from you soon, I remain

With White Pride,

The following is H. Steven's reply to the above letter:

Dear Mr Maier, 12 April 78

George Dietz is very busy, and since the bulk of your letter of March 20, 1978 leveled criticism at me and the article I wrote on Frank Collin, he asked me to give you an answer to your questions.

First off, the WPM is not, nor has ever been associated with the NSWPP. Instead of making up a poster on Collin ourselves, we chose to copy theirs. In order not to violate anyone's copyright, we placed their addresses on the copy, just as they appeared on the original.

The only way I would be able to interpret my article as

defeatist would be, if I possessed a defeatist attitude myself.

I wrote the article because I believe that instead of sitting around whispering about Collin, someone should come right out and denounce him. Also, I did it because Jews have made similar attempts to set up 'dummy' groups in foreign countries, and comrades in those countries expressed grave concern that nothing was being done to expose them.

I received compliments on my article from Canada, Mexico, South America, and all over the United States. Yours is one of the very few critical letters I have seen.

The WPM operates on the principle that the enemy fears mor that which he cannot clearly see, than that which he can. When we get ready to march or raise the banner in public, we want it to stay raised. Since we are not possessed by a death wish, or the desire to grab headlines, we do not dress up and goose-step down the streets of America. We believe in engaging only in activities which will make us look good, not bad. Hitler once said that he who controls the streets controls the nation. We know who controls the streets of America and we have no intention of giving them a chance to cover them with our blood, until we have the capability to make them sorry they tried.

As a case in point, I refer to the events which recently took place outside of the building where the annual Academy Award ceremonies were held. Three uniformed troopers from a group in Los Angeles, (I don't know which group) confronted a group of Jews and Reds outside the building. A fight ensued, and the results were one man shown on the news lying on the sidewalk badly beaten, and two later going to the hospital. Do you think that made effective propaganda for the NS Movement?

I was once arrested and detained when the police raided the headquarters of a group I was with. I have been hurt in street confrontations, harrassed by crank phone calls, mail tampering, etc. I know what I am talking about, because I have been there. How about you? Are you currently enjoying a state-paid vacation because of your political actions? I would seriously doubt it.

Hitler is not here, but I doubt he would have responded to my article as you have.

I do not care if you should want to disagree with the article I wrote. But, it is a typical Jew trick to attack the bearer of truth, rather than the truth itself. Such tactics are unbecoming of a White man, especially when used against a fellow comrade who is trying to get the truth out.

My activities and comments are based on experience and knowledge earned in the school of hard knocks.

Until you have risked your

own pocketbook and neck outside of a prison cell, I would be careful about making high-handed criticisms of those who have.

Dear Mr Dietz, 20 March 78

Many thanks for your supply of White Power Report with the excellent "I Have Been Born Again" stickers. We are so grateful to have been featured in the English section of the same, along with correspondence from our good friend Colin Jordan.

We have had two 'summary' trials, and now await the big one at Crown Court. You will not be surprised to learn that the Jews who call themselves "The Commission for Racial Equality"!! have slapped ANOTHER charge on us, this time under the Public Order Act Section 5. It seems they mean to get us, one way or the other.

It is great to know that we have support from the USA, also from Australia and Europe. We shall not let our Race down during this or any subsequent prosecutions.

Thank you so much,

Mounties investigate post office hate mail

16 The Toronto Sun, Thursday March 9, 1978

By DEBBIE READ
Staff Writer

The RCMP is investigating how anti-Semitic hate literature arrived at a Toronto sub-postal station in an official post office envelope this week.

Owners of the hardware store which houses the sub-station, Michael Leung and Rahim Chaudhery, thought the yellow envelope with red lettering was the usual delivery of money orders.

Inside, they found literature from a group based in Reedy, W. Va., called White Power Publications.

They told a friend, Ainslie Eden, who reported the incident to the RCMP.

Eden said he thought the literature must have come from within the post office since the address of the substation had been printed with an addressograph machine.

Post office spokesman Ed Roworth said last night there would likely be an internal investigation in adition to the RCMP's.

"Hate literature is against the criminal code, if we find any we call in the RCMP," he said.

Roworth said the letter could have been sent by anybody. "How they got their hands on the envelope I would have no idea."

RCMP Constable Ron Schmidt said yesterday preliminary investigations showed the letter was sent through the south-central Toronto clearing station, but said it was too early to tell if the sender could be found.

The material included replicas of American five-dollar bills with Hitler's picture on them, and on the back advertisements for a book about the "hoax" of Second World War death camps.

"If these people aren't weeded out, this kind of poison will continue," said Eden. "After the Jews, it would be the blacks, then the Orientals, then the Asians, and then they'd just turn on anybody."

CANADIAN COMRADE NEEDS HELP!

My Fellow Canadians:

You have received some of my advertisements in the last few months and many of you have responded by purchasing booklets, pamphlets and important political/historical books which are being suppressed in the so-called free world as well as in the slave-states behind the Iron Curtain. The suppression of truth in Europe and North America is in direct proportion to the progress of communist takeover in these areas.

Because our enemies have made such inroads by stealth and subversion against our freedom, anyone who wishes to spread the truth, no matter how matter-of-fact such truth may be, can expect to be attacked by the powers-that-be who are largely the servants of our national enemies who have achieved conquest by infiltration — both of their persons and their ideas. In my own case, the powers-that-be moved swiftly to suppress my attempts to make the truth available to interested people.

On March 29, 1978, an entire squad of "special" Metro police raided my home as well as those of some friends of mine. With real KGB-style hustling they ransacked our homes and seized whatever items of our personal belongings they thought would be of use in prosecuting me under Canada's so-called Hate Law or law against "thought-crime".

As a young White Canadian, born of Canadian parents, I have been in the Canadian Armed Forces Cadets and later, the Canadian Militia for over four years — why? Because I wanted to serve my country. While many of my neighborhood young people went to discos, smoked pot, sniffed glue and fell into that sleepy state of apathy our enemies love to put us in, I was learning the sometimes tedious lessons of military and civilian defense, first aid, discipline, etc. I received steady promotions in my branch of Canada's defensive arm and became an officer. My service record is excellent.

But while in the military, their training and instruction alerted me to an ever-increasing number of leftists, outright communists and potential traitors who were taking over many responsible and key positions in civilian and military life. Being a man of action, I saw there was nothing I could do within the restrictive protocol of military service to remedy the worsening situation, so I resigned my commission and reorganized my life in order to combat our enemies directly — in the political arena.

Having gone into politics for a just, but currently unpopular cause, I have now come under attack by the same rotten politicians who have brought this wounderful country to its knees; the same politicians who claim that they can do nothing against the Mafia, the dope-pushers, filth-peddlers, promoters of child-prostitution and all the other agents of corruption and social destruction. While they have no power, time nor money to perform the duties for which they were elected, they have ample police power, time and funds to destroy their accuser. By crippling me financially, robbing me of my valuable time in lengthy courtroom battles, by threatening me with imprisonment, these politicians try to please their hidden paymasters. They shall not succeed.

I am 19 years of age, very recently married and carry the burden of establishing a household with all the work and expense this involves, especially these days. On top of these expenses, I now face defense attorney fees of from $4,000 to $5,000. To meet these costs my wife and I have managed to save up $600 — a drop in the bucket, as they say.

Without an attorney, I would probably be run over by the opposition's legal machinations and railroaded into prison — along with the muggers, rapists, murderers, conmen, thieves and perverts — merely because I wanted to preserve Canada's racial and therefore national integrity at this late hour.

To the best of my ability I am willing to pay these costs which I have incurred because of my patriotism. As a young, White Canadian and a future father I am bound by duty to act in the best interests of my country, for this is the country which I shall leave to my children and I not only want them to survive in it, but to be proud of it.

Words alone can't make up for my financial disaster, however. On behalf of my country and my people I have acted and spoken — to my cost — and now, I am hoping that I am not alone in this struggle and that other patriots will help me bear some of the costs of this fight for freedom.

Should you be able to help me in my defense in any way — with financial contributions, book orders, etc. — I would not only appreciate it, but I would be able to carry on against the enemies of our survival and freedom.

Long live free Canada!

James Alexander McQuirter

Dear Comrades,

I'm writing the first letter to you, as I have gotten your address from comrades of CEDADE in Spain.

The symbol on the paper I write you is the movement's "4th of August", not existed now. The reason ist that many comrades are in prison after they had accused about carrying weapons, etc.

I write you now as an independent comrade, wanting to get some books from your editions.

Please, write me if it's indispensable to pay the two subscriptions (to Liberty Bell and to White Power Report) before buying the books I want.

Also, write me the way that I can send you the money.

Best N.S. wishes from your Greek comrades.

Athens, 30 Feb 78

Dear Comrades,

I have recently acquired your address through a friend of mine (A.K.) who, as I was told, acquired it from CEDADE.

First of all I would like to mention how chaotic is the situation in Greece. Probably, with us as a sole exception, nobody else knows where this situation is leading and it seems that the same thing is happening to Europe.

Here we are banned and we have suffered everything except death for the new White Order. Though I served as an officer for three years the 4th August, I saw nothing positive except the creation of some sort of prehistory in National Socialism in Greece.

Here in Greece we have no books except a few and we can't fight with good results our enemies in the field of ideas as we fight them in the streets. I would like a list of books in various subjects and I would like the address of the American N.S. Party to write them for further details and information.

If for the list or anything else money is needed write me how you would like it to be sent.

Hoping for further success in your fight

The less resistance the South Africans put up, the less suffering there will be, the less bloodshed".

Was für gutgemeinte Ratschläge! Schlechte Berater, "Detente-Politik" und der Glaube an den Westen veranlaßten unsere Führer auf allen Gebieten, die ein Überleben erfordern, nie wieder gutzumachende Fehler zu begehen. Die

Sehr geehrter Herr Dietz,

Ich möchte beinah sagen "ich möchte Sie nicht stören bei Ihrer Arbeit", denn wenn man gegen so eine Übermacht angeht, gibts wahrscheinlich viel zu tun, aber schließlich geht es ja darum, nur den kleinen Stein zu spielen, der dem Schläfer unbequem ist und dann hoffentlich sich eine andere Lagerstätte sucht.

Auf jeden Fall möchte ich mich im Namen der Familie mit Anhang und Neueingeweihten bedanken für Ihre Informationsarbeit, die unschätzbaren Wert besitzt. Beide meiner Elternteile leben mit uns hier. Mein Vater ist . . .und kennt diese Literatur schon aus seiner Jugendzeit her, hat unter Professor . . . studiert und ist mit der Materie sehr gut vertraut. Leider verlor er all seine Bücher (gesamte Privat Bibliothek) im Massaker zu . . . und floh vor den Russen zu Fuß mit meiner Mutter und meinen drei ältesten Brüdern in einem 8-wöchigen Fußmarsch zu Verwandten in dem heutigen Amerikanischen Sektor von Deutschland. Viele Bücher hat er dann noch aus Erinnerungen für uns Kinder per Hand niedergeschrieben und Originalbücher sind ganz einfach nicht aufzutreiben. Bis wir nun endlich Sie über die "Unabhängigen Nachrichten" und über Itatiaia Buchversand, Brasilien, eine Ihrer Broschüren zugesandt bekamen, auf das dann unsere Bestellung erfolgte. . . .Außer daß wir Jungen sie alle durchgelesen haben, wurde jedes Buch von unserem Vater durchgelesen und als einwandfrei und den Originalen entsprechend in die Familienbücherei aufgenommen.

Dies ist Ihre Leistung, diese so wertvollen und wichtigen Bücher uns, der jungen Generation, zugänglich zu machen. Wir werden weiterhin in Kontakt bleiben und Sie als "Offiziellen Hoflieferanten" zu schätzen wissen. . . .

Übrigens finde ich Ihren Bücherkatalog ausgezeichnet, da ich nur anzukreuzen brauche, wenn ich Ihre Bücher weiterempfehle, bitte, senden Sie mir noch einige davon, sowie von dem Flugblatt "Ich bin 6 mal vergast worden", diesmal aber nur in englisch. Ansonsten haben wir ausreichend Material zur Verfügung an Aufklebern – wir brauchen nur noch Bücher, die wir an Potentionelle und Unwissende verleihen, damit sie zuerst mal mit der Wahrheit vertraut werden. Und nachdem sie sich erholt haben (Wahrheit ist meistens sehr schwer zu verdauen!), wenden sie sich dann von selbst an Sie.

Im Prinzip wurde seit ende letzten Jahres nur noch Ihr Material verschenkt, was auch in Zukunft so sein wird und wir werden Sie demnächst auch damit beauftragen.

Wir werden uns aber organisieren, damit wir Ihnen etwas unter die Arme greifen können. Wir sind alle Selbstständig, also keine Sklaven der Zionistischen Knechte.

Für heute grüßt herzlich . . .

SOCIALISTAS NACIONALES

Cómo eran realmente
por George Dietz

Como persona quecreció en el Tercer Reich, estoy pasmado ante los fantasmagóricas personajes que tratan de promocionar el Nacionalsocialismo en este país, y estoy aún más pasmado por lo que estas caricaturas NS conciben ser la conducta y los objetivos nacionalsocialistas. Mi propio padre fue un *Alter Kämpfer* (Viejo Combatiente) y se afiliós al Partido alrededor de la época de Rudolf Hess, de modo que puedo hablar con cierta autoridad en lo concerniente a la vida bajo el Nacionalsocialismo.

Contrariamente a la creencia popular entre auto-denominadas 'nazis', los miembros del Partido no eran jamás holgazanes vocingleros, matadores, prededores, rezagados o extravagantes. Eran realizadores, personas que tenían logros, sólidos ciudadanos. No eran desempleados profesionales o *Lumpenproletariat* (proletariado de vagabundos), como la mayoría de los auto-denominados 'nazis' lo son actualmente, sino que en aguellos tiempos el conjunto de socios del Partido representaba una limpia sección transversal del pueblo alemán — el pueblo decente de todas las clases.

Historiadores judíos afirman que el Nationalsocialismo era ante todo un movimiento de la clase media que resultó del temor de la clase media de llegar a ser 'proletarios'. Si esto fuera así, debe haber habido muy pocos proletarios en toda Alemania, porque las filas del Partido desde temprano estaban ocupadas por agricultores, trabajadores, abreros de fábricas, artesanos y comerciantes, así como empleados, administradores, maestros, profesorees etc.

Aquéllos que leen historia c uando está escrita están inclinados a olvidar el hecho que la historia-en-devenir no es cosa fácil. Aunque el Nacionalsocialismo triunfó en Alemania, esa victoria no fue un logro fácil, no una cosa segura, a pesar de que el Partido ofrecía la única solución concebible para los múltiples problemas que atormentaban a Alemania en esa época y que la aotormentan en el presente. Recuerdo todavía las veces que mi padre volvía a casa con las marcas de la lucha política en su propio cuerpo — su sangre y la del enemigo.

La lucha era más que los golpes de cachiporras y puñnos, sin embargo. Era asesinato, encarcelamiento (ZOG-imprisonment), persecución judicial,

T/L Heinrich Dietz a los años,
en una fotografía tomada durante Mayo de 1933.

despido de empleo, enlodamiento y hambre. No era una serie de jaranas de sábados nocturnos, engalanadas con Pabellones, sino una guerra fiera de desgaste, que exigía un peaje no sólo del combatiente individual, sino de sus amigos, su familio y sus camaradas.

Talvez he hecho aparecer la lucha como demasiado unilateral. Dejadme destacar que la lucha no era de ninguna manera unilateral' de atro modo el Nacionalsocialismo jamás hubiera logrado superar los terribles males. Mi padre, un típico *Sturmtruppler* (miembro de la Tropa de Asalto), estaba bien armado, a pesar de que no llevaba ni fusil ni cuchillo. Estaba armado con la Idea del Nacionalsocialismo, el liderazgo de Adolf Hitler, el compañerismo de sus camaradas del Partido, su sentido de deber para con nuestra raza, y más importante que todo, tenía el apoyo fiel de su mujer e hijos. Nosotros éramos el contacto más inmediato con su Nación, la razón más inmediata y tangible para su lucha de asegurar que Nuestra Nación tuviera un futuro.

Los judíos en su infinata perversidad han descripto el Nacionalsocialismo como un coto masculino, en el cual un montór de muchachotes jugaban a los soldados, una especie de depredatorio movimiento Boy Scout. Como de costumbre, la verdad es totalmente diferente de como los judíos la presentan ser. El Nacionalsocialismo era un movimiento femenino tanto como lo era masculino. La participación femenina no era una maniobra por parte del Dr Goebbels, sino una función orgánica del Partido. El Nacionalsocialismo se desarrolló en base a la necesidad fundamental de proteger y alimentar a la familia alemana, una necesidad que era reconocida por el hombre tanto como por la mujer. Sin la mujer alemana a su lado, el hombre alemán nunca hubiera trabajado y luchado como lo hizo para hacer realidad la Revolución Nacionalsocialista. La victoria vino como resultado de constante, sistemático esfuerzo e inexhaustibles reservas de corage y vigor. Muchas veces el combatiente y organizador NS se preguntaba si valía la pena. ¿Por qué sacrificar para un futuro incierto? ¿por qué no gozar siquiera lo poco que puede ser gozado actualmente? Una mirada a su mujer e hijos le recordaba que bien valía la lucha.

A causa de que la Nación judía amenzaba a la Nación alemana en su suelo patrio, los judíos eran mirados como el mayor enemigo, pero no eram combatidos directamente.. Ertonces como ahora, ellos nunca estaban en la línea del frente de la lucha. Mi padre y sus camaradas debían luchar contra las formaciones masivas de comunistas, socialdemócratas y reaccionarios del ala derecha — nuestros hermanos alemanes! Una vez que los engañados fueron convertidos y los renegados vencidos, los alemanes estaban otra vez unidos y los judíos habían perdido el poder.

ESTOY ORGULLOSO DE MI PADRE! Kassel/Alemania, Mayo 1 de 1933: T/L (más tarde S/L) Heinrich Dietz con su tropa de Leales durante el Desfile del Día de Mayo en la Wilhelmshöher Allee esquina Plaza Adolf Hitler.

Con la pérdida de su poder de músculos se aunó la pérdida de su poder monetario, porque ahora los judíos ya no podían proteger su depredatoria usurpación del sistema monetario de Alemania. Los judíos estaban vencidos y Alemania estaba en paz.

Esto me lleva al tema de estos extrañnos raciales. ¿Qué les pasó en realidad a los judíos que eligieron quedarse en Alemania después de la instauración del Tercer Reich? De hecho muy poco sucedió. Judíos vivieron en mi ciudad hogareñna, Kassel, a partir de 1933 y durante todos los añnos de guerra. Como no eran ciudadanos no compartían ninguna de nuestras responsabilidades, pero como residentes alemanes compartieron las terribles penurias que fueron infligidas a la población civil por los Aliados.

Ciertamente, ningún judío era un ciudadano alemán, pero tampoco todos los judíos eran considerados criminales. Esta política ciertamente está en contraste con el confinamiento general de todos los americanos japoneses durante la Segunda Guerra Mundial! A pesar del hecho de que la Kehillah Judía internacional había declarado la guerra a Alemania en 1933, el año en que Hitler llegó a ser Canciller, judíos que no habían cometido crímenes eran dejados tranquilos, y los que eran criminales recibieran justo castigo conforme al pertinente proceso legal. Así debería ser en toda sociedad justa.

Con respecto a leyes del Tercer Reich concernientes a no--blancos, específicamente judíos, las así llamadas Leyes de Nuremberg para la preservación de la Raza Aria eran mucho menos vengativas que lo es el Talmud de los judíos. Nuestras leyes tenían en vista la protección de la Raza Aria mediante la prohibición demezclamiento racial. Los mandammientos talmúdicos judíos lo hacán mejor: ¡No-judíos deben ser matados siempre que se presente para ello una oportunidad!

Otra falacia que parece ser moneda corriente en círculos de Nazis al estido Hollywood es que recibíamos un constante fuego concentrado de instrucción política y montones de propaganda antijudía. Esto es falso. Según mi propio recuerdo de la Juventud de Hitler, de la cual fui miembro, no había tales programas de adoctrinamiento político. Al igual que la inventada gasificación de los Seis Millones, estro es otro de los 'pecados de omisión' de los cuales el Tercer Reich recolecta la culpa, pero no el beneficio que hubiera obtenido si tales programas realmente hubiesen sido llevados a cabo.

Al contrario, con las fuerzas de la muerte, decadencia y destrucción desterradas de nuestra Patria, como genuinos Arios volvimos nuestra atención a tareas positivas, placenteras y creativas. No teníamos motivo para estar avergonzados de nuestra propia cultura e inventiva — nos deleitamos en ellas. Trabajábamos duro y con voluntad,

porque nuestro país una vez más pertenecía a Nuestra Nación y nuestro conductor representaba a la Voluntad Nacional, no a los insidiosos dictados de enemigos extraños.

Lejos de ser una colmena de febril preparación para la guerra, como lo describen distorsionadores de historia judíos, la vida en el Tercer Reich era buena. Cuando trabajábamos — diligentemente, conscientemente y enérgicamente — pero como trabajábamos para nosotros mismos y no para parásitos extraños teníamos más para exhibir como producto de nuestros esfuerzos y más tiempo libre para gozar los frutos de nuestro trabajo.

El Nacionalsocialismo era ante todo natural. Era un programa político que emanaba de una apreciación básica de la Naturaleza y que aplicaba las Leyes de la Naturaleza a la política así como a todas las otras facetas de la vida. El Nacionalsocialismo era y es un modo de vida que abarca la particula más pequeña tanto como los conceptos universales. Así el Nacionalsocialismo sabía mucho más acerca de ecología que los extravagantes de la contra-cultura de hoy en día. El respeto por la Naturaleza no era una actividad de fin de semana, sino la experiencia de la vida diaria.

Recuerdo cuánto placer solía causarme la comida que comprábamos en almacenes, restaurantes, cafés y panaderías: carnes, embutidos, pan, cerveza, dulces, pasteleria, alimentos envasados, etc. Eran deliciosos y buenos para nosotros porque no tenían agregados tóxicos, alimentos-sustitutos para enriquecer rápidamente. Nuestros médicos sabían que muchas enfermedades era sintomáticas de una nutrición deficiente y nos curaban no prescribiendo medicamentos con perniciosos efectos secundarios para aliviar los síntomas, sino prescribiendo una dieta adecuada que eliminaba la causa de la dolercia.

A este respecto esto es precisamente loq ue verdaderos Nazis llevaron a cabo en Alemania: ellos trataron la causa de nuestros males políticos y además guiaron nuestro desintoxicado organismo político de vuelta sobre la Senda del Destino Ario. Esta es la tarea de los verdaderos Nacionalsocialistas en América al presente.

Si Vd. guiere ser un verdadero Nacionalsocialista ínase al White Power Movement.

The Eunuch in Blue

By Our 'Man in Blue', Chicago

The left-wing forces at work in our country today have a deliberate plan to make our first line of defense against anarchy, the police, ineffective. Although the Zionist masters have almost complete control of many big-city police departments, there are still many independent policemen and chiefs. The main drawbacks to the lefties' insidious plans are the great number of 'right-wing' policemen on the beat and many rural sheriffs.

I make this differentiation, because many smaller departments have not yet been taken over and are controlled by good, tough cops, elected by the people. Most big cities have politicians, masquerading as policemen, appointed as their department heads. These politicians are at the steering wheel, while the Jews are perfectly happy in their role as backseat drivers.

The mainstay of a city police department is the 'infantry man of urban warfare', the cop on the beat. The patrol officer knows who the enemy is. He sees black animals run rampant on city streets, molesting the helpless, the old and the young. He knows that negroes perpetrate 90% of the street crimes, and he also knows that the Jew can be blamed for 90% of the more sophisticated crime, vice and socalled white collar crime. Although the non-white animals steal, rape and torture their helpless White victims, they would not have any outlet for their stolen merchandise if it weren't for the ever-present Jew 'fence'.

All vice operations are masterminded by the Jew. He uses the adult bookstore, the X-rated movie house and the strip joint as a cover for illegal prostitution and the multimillion dollar business of child pornography. While the Jew provides the brain power, the blacks provide the muscle.

The cop on the beat witnesses these things everyday, but his hands are tied by directives from the top hierarchy. Thanks to the Jew, most forms of vice have been legalized and the cop on the beat — for fear of offending some pervert's civil rights — is forced to ignore the squalid filth all about him.

Recently, in Chicago, Ill the courts have ruled that the city's ordinances against street walkers are uncostitutional. The 'Ladies of the Night' were always in plentiful supply in Chicago, but now they will be so numerous in

certain areas of the city that motorists have to be careful not run them down by accident.

During the numerous riots in the past, policemen were ordered by higher authority not to shoot looters or interfere with violent demonstrations. In Chicago's most recent riot, non-white thugs turned over and destroyed a police cruiser. Outraged policemen were ordered to stay away and not to interfere. White policemen's eyes were filled with tears of frustration.

The new role assigned to the police officer in Jewized America is to leave the real criminals alone and enforce traffic laws instead. This is the cause of much resentment among average White citizens who see anarchy go unpunished, while they receive stiff fines for a driving mistake. The Jew-dicial system lets the real criminal go, but fines and imprisons Whites for comparatively minor infractions of the civil and criminal law.

The Zionist masters want things to become so bad that the moral fiber of White America will be completely and thoroughly weakened, so that the Jews' stooges in Washington can declare martial law and impose Jew-Communism in the guise of law and order. The uninformed will gladly accept gun control and other harsh measures to curb or stop crime, because he trusts his police officials and would prefer not to see guns in the hands of thugs. For years now a concentrated drive has been underway to put gun control laws on the books through which the Jews hope to confiscate your guns. They realize quite fully that the sleeping White giant in this country is — slowly but surely — awakening to the fact that he has been oppressed, manipulated and goaded into two fratricidal wars against fellow Whites, by none other than the international bandits of Jewish High Finance. One thing is certain: the American White Giant WILL wake up and WILL take his country back from the Jewish usurpers — and he will not engage in much idle talk or fruitless debates at that time! Many other schemes — besides gun control — are planned for us and would be implemented, were it not for the fact that the average citizen still has a right to arm himself against his enemies. Once this right is gone, the Jewish noose will be tightened — as it was in Russia —, and our demise will be abject slavery.

The Jewish cancer has — for all practical purposes — destroyed the morale of our military; now there is a concerted effort afoot to destroy the local police as well. Unlike the military, police departments were independently controlled by local government. Then came the Zionists who devised the LAW ENFORCEMENT ASSISTANCE ACT to bring about federal government control of once independent police departments. Deluged

with grandiose financial bait, who could afford to resist 'free' money for new equipment, updated electronic devices and computers? Soon city and state governments started to rely on these monies and now they absolutely need it to stay solvent, at least they think they do. But with the 'free' money inevitably comes the control: if guidelines for the hiring and promotion of (unqualified) minority group members by the federal government are not followed, the flow of 'free federal' money will come to an abrupt end.

If there was one factor which was instrumental in slowing down the Jewish steamroller, it was the hard-working, dedicated patrolman on the street, the man fighting the battle against crime. No threats of job loss, or even imprisonment, can stop a dedicated man when duty calls. The average policeman has been fighting back by enforcing the laws to the best of his ability, and by not letting the higher-ups force him out of his job, to be replaced by a minority group member. Subtle forces are at work, the courts' dockets are filled with crimes by non-white thugs and the Jew shyster lawyers are working overtime to set them free, while the policeman on the beat has shown to the Jews that he can't be trusted. The Jews have learned that they can't change the mind of a man who had his beliefs forged and tempered in the battle for safe streets. No, they can't change his mind, because he has nothing much to lose. He is at the bottom of the ladder and, because of political shenanigans and reverse discrimination, is going to stay there. In most cases, his only possession is his family, and he knows he is the only thing between them and the animals in the streets. Threats or bigger pay envelopes won't change his mind, because he learned his White patriotism where it counts — on the battle field.

The Zionist Occupation Government has ordered police departments to hire non-whites, women and even homosexuals as patrol officers. They have used 'federal' money to club department heads and local government officials into submission. Civil Service examinations have become a mere farce; members of 'minority' groups must be hired whether they are nearly illiterate or have police records or not, in preference to more qualified White applicants. It doesn't come as a surprise then when a Chicago newspaper reported that a negro candidate, who was listed on the "most qualified" list for admission to the Chicago police department, was arrested in an armed robbery of a bank during which a police officer was killed. Another negro buck was arrested while attending courses at the Chicago Police Academy for raping his 14 year old daughter.

Now, non-whites are using their badge of authority as a new toy for harrassing Whites and molesting White girls. Many White girls are taught to look up to policemen and this, in conjunction with race mixing television propaganda, leaves innocent girls prey for these animals. They don't perform their police duties conscientiously and don't even respond when their fellow officers call for help.

Recently, in Detroit, Michigan, a 89 year old woman frantically called the police emergency number and told the operator that negroes were breaking into her house. The black operator on the line coldly refused to send help. The four black animals who raped this unfortunate lady were recently permitted to go free, even though they had confessed to the crime.

Policemen indicted in armed robbery! — Policemen indicted in drug deal! — Policemen indicted in contract killing! — Headlines such as these are always to be found on the front page of big-city newspapers, causing distrust and demoralization among White policemen. The Jews-media, however, studiously omits the photos of the culprits, lest you would find out that they are negroes. Recently, a high police official in Detroit, Michigan, committed suicide by shooting himself twice in the back of the head (?!!!), just before he was to testify on corruption in city government. A few years ago a Chicago police sargent was convicted of being a 'hit man' for dope pushers. What have these two cases in common? Both men were negroes!

The Jews and their henchmen cannot destroy the policeman's patriotism, but they sure can dilute the effectiveness of our first line of defense. Women are just not made to be aggressive enough to fight the animal-like non-white hordes. Male-and-female police teams often cause serious psychological problems. These cause a weaking of morale and a diminution of moral aggressiveness in male officers. Minority leaders have publically stated they want more women in police duties, because they are less militant in their handling of minorities. Women's involvement in police work also tends to speed up the deterioration of family life. Because the woman cop is forced to work long and unusual hours, her family life suffers. How can a woman raise children if she is constantly working, at all odd hours of the day? Working with an attractive female can also effect the family life of the male officer.

The White patriot must — at all cost — hang on to his guns, because someday he'd better be prepared to protect his family. If your children mean anything to you at all, you'd be well advised

to get off the fence and start supporting White Power. The White Power Movement is attacking the CAUSE of the disease, not its SYMPTOMS! A get-tough attitude regarding crime will only mask the real problem. What we need is a get-tough attitude regarding the cause of all evil — the Jews. We must dislodge the reigns of government from the hands of the Jews. If we don't and expect the police to protect us, we may be in for an unpleasant surprise. Your 'friendly' neighborhood cop may be a Black.

Tulsa, Oklahoma Setting for 'Holocaust' Conference

Faced by an ever-growing White racial awareness, the Jews and their liberal stooges recently sponsored a 'holocaust' conference at the Cultural Center. This event was well advertised in advance, and an elderly local doctor wrote to the newspaper editors, complaining about this Jewish hoax and mentioning Prof. Butz' book, THE HOAX OF THE 20th CENTURY. Promptly outcries of all sorts could be heard and the good doctor received several death threats. This, however, didn't stop two comrades of the WPM to head straight for the 'lion's den'.

On March 5, these two comrades managed to get inside the Cultural Center to confront those in attendance with the truth. When they got to the main floor of the building where the conference was taking place, they were met at the elevator by a gang of Jews who had gotten wind of their presence. The Jews told our comrades that there were plenty of their fellow tribesmen around, and if they didn't leave, they would tear them apart. Our comrades were prepared for the worst, when the cops and other security personnel arrived to escort them out of the building. Both sides in the confrontation remarked they would meet again at another time, in another place — and ready for the worst.

As a result of the confrontation, one of our comrades was interviewed for two hours by a local TV reporter, and clips of the interview were shown on the noon and evening newscasts on March 16 and 17. As could be expected, however, the local jew-owned newspapers remained silent on this incident. Inspite of this, our comrades were encouraged and plan bigger and harder hitting events for the future.
